Dear Aaron,

As the Aboriginal Community Networker for the River East Transcona School Division, I wanted to make a special point of thanking you for the time you spent within some of our schools this past November. The students and staff from Wayoata and Joseph Teres Schools were thoroughly captivated and engaged in your storytelling presentations. Aaron, your energy, knowledge, and passion for your culture radiates to your captivated audiences. The teachings and professionalism that you are sharing and role modeling for our youth is outstanding. Thank you so much for the work that you do which allows Aboriginal oral storytelling to continue to be shared with the future generations on Mother Earth.

As a school division, we also want to thank you for the vision you have to share your teachings through technology via audio CD's. We look forward to distributing your latest CD to all of the schools within our division.

We look forward to possibly working with you again in the very near future.

Sincerely,

Carole Shankaruk, BSW
